QAZCONTARGO ALMATY – EXCELLENCE IN MOTION

YOUR PREMIUM RAIL-CONNECTED HUB IN THE HEART OF ALMATY

Located at the epicenter of Central Asian logistics, our Almaty terminal is designed for speed, security, and scalability. We provide the vital link for your global supply chain, offering a seamless transition between rail and road.

- **Customs Bonded Hub:** Comprehensive bonded storage and open-yard facilities for both import and export cargo, ensuring fast and compliant clearance.
- **Depot & Empty Management:** Full-service depot for the storage and handling of empty containers, including preparation and dispatch by block trains.
- **Container repair and maintenance:** End-to-end repair and maintenance services that extend container lifespan, ensure compliance, and support uninterrupted operations.
- **Bulk-to-Container Solutions:** Specialized equipment to transfer bulk cargo directly into containers for efficient global export.
- **Block Train Specialist:** Expert handling for high-volume routes connecting China, Central Asia, and the Caspian Sea.
- **Strategic Location:** Immediate access to national and international rail networks, perfectly positioned for the Middle Corridor.

CONTARGO®
trimodal network
