MORE THAN A STOP:

UZCONTARGO ON THE NEW SILK ROAD

GLOBAL SUPPLY CHAINS ARE CHANGING. WE PROVIDE RELIABLE ALTERNATIVES.

In today's world of shifting trade routes and supply chain disruptions, businesses need reliable logistics solutions more than ever. The UzContargo Andijon Container Terminal is strategically located in eastern Uzbekistan, offering seamless connections between Central Asia and China by both rail and road.

Local expertise, global connections:
The Kashgar–Andijon corridor plays a key role in ensuring reliable and competitive connectivity along the China–Kyrgyzstan–Uzbekistan multimodal route, forming part of the broader Trans-Asian corridor.

UzContargo is not just a stopover – it's the catalyst for your connected logistics of tomorrow.

CONTARGO® trimodal network
