

AES - Alfred Escher Shuttle

Rail connection Basel – Dietikon – Gossau

Attractive transit times and arrival times in the east of Switzerland enable us to process your container transport in the Zurich area

Opening times at the Dietikon and Gossau terminals are convenient for the market, resulting in optimum capacity utilisation of pre- and on-carriage by truck and thus providing an ideal service for your customers.

Daily connections, with links to the whole Contargo network by rail or barge.
